knowledge. Unlike the terms 'fixtures' and 'chattels', the word 'fittings' does not have a legally defined status or meaning.

Fittings in buildings - Designing Buildings Wiki

The recent phenomenon of celebrity architecture—those landmark buildings described by Charles Jencks as "enigmatic signifiers"—has elevated the new architectural monument to the status of a great artwork and signals the emergence of those who have come to be known as starchitects. 1 City leaders, anxious to

Architecture in context : fitting new buildings with old ...

Architecture in context is neither a cursory attention nor a radical innovation, it is a strong and eloquent visual relationship to the surrounding. Individual building is always seen first as a part of the whole. Creating Places and Spaces that enrich the lives of the people who use them is the foundation of Architects work.
