Numicon is an approach to teaching maths that helps your child to see connections between numbers. From Oxford University Press, it supports your child as they learn early maths skills in nursery and primary school. It is a multi-sensory way of learning, which means your child learns by seeing and feeling. Physical resources like the colourful Numicon Shapes are an important part of Numicon.

numbers using every combination between 1-10. A helpful learning aid for children in Early Years and KS1. What are Numicon shapes? Numicon is a series of flat shapes which have holes in that represent the numbers 1 to 10. Developed by the Oxford Printing Press, many primary schools use Numicon and shapes to help children understand numbers in a more concrete way.
