Bob Brister's excellent book,

Read Book Shotgunning Art Science Brister Bob

Shotgunning: The Art and the Science is a shooting classic. Brister was truly ahead of his time, and his work is as relevant today as it was during the '70's. In fact, it is not uncommon to find repeated references to work done by Brister by many of today's shooting authors.

Shotgunning: The Art and the Science by Bob Brister ...

Bob Brister's "Shotgunning: The Art and the Science" is the modern standard reference of shotgun books. Brister covers shotguns in detail, from different action types, ammunition, how to shoot, and the crowning glory of the book is Brister having his wife drive their station wagon towing targets so Brister can pattern shotguns for "shot string".
