Vaccine Nation: America's Changing Relationship with ... Add to this list Elena Conis's Vaccine Nation, which takes a fresh look at the history of vaccines during what she calls the "current era of vaccination," which began with President Kennedy's Vaccination Assistance Act of 1962 and continues through today. Conis, an Assistant Professor of History at Emory University, argues that that Act greatly expanded the role of the federal government in vaccine matters, and saw the Centers for Disease Control and Prevention (CDC) and the Public ...

Vaccine Nation: America's Changing Relationship with ... Vaccine Nation: America's Changing Relationship with Immunization, by Elena Conis. The history of vaccinations in the US has as much to do with politics as medicine, says Helen Bynum. Spots, lumps and whoops. I've had them all – the jabs, that is. Instead of suffering measles, mumps and whooping cough, my experience of these once-familiar childhood infections was limited to preventative injections.
